Tiramaroa - Years 7-8

App Name	App Logo	Cost	Purpose
Mathletics		Free	Mathletics is designed to provide students with a captivating and safe learning experience. The targeted and adaptive curriculum content along with the structured and interactive support provides engaging learning through gaming and rewards. This is all aligned to the New Zealand primary maths curriculum.
Google Drive		Free	Google Drive starts with 15 GB of free Google online storage, so students can keep photos, stories, designs, drawings, recordings, videos – anything. Students will use their Google Drive to store their documents created through the other Google Suite apps.
Google Docs		Free	With Google Docs students can create new documents, share documents and work together with their teachers and/or peers in the same document at the same time, as well as add and respond to comments.
Google Slides		Free	With Google Slides students can create new presentations, share presentations and work together with their teachers and/or peers in the same presentation at the same time, add and rearrange slides, format text and shapes, and more.
Chrome		Free	Google Chrome is a fast, easy to use, and secure web browser. Designed for Android, Chrome brings you personalised news articles, quick links to your favourite sites, downloads, and Google Search and Google Translate built-in.
Sketches School		Free	Sketches school is a special edition of Sketches targeted for a younger audience, with a specifically designed interface making it very accessible to kids.
Epic Books		Free	Epic is the world's largest digital library for kids! Our fun, kid-safe, interactive reading app fuels curiosity and reading confidence by letting kids freely explore their interests with instant access to 40,000+ books, audiobooks, learning videos and more. Please wait to join your child's class using a provided code - do not sign up as it is only free if we log your child in through our school classroom.
Google Classroom		Free	Google Classroom has been developed by Google for schools. It allows the teachers to make announcements, assign learning tasks to individuals, groups or whole class and assess student progress in a paperless way.

Hero		Free	Hero is designed to share important notices, student progress and for students to share their learning with their parents/caregivers.
Explain Everything		Free	Explain Everything is an easy-to-use design tool that lets students annotate, animate and narrate presentations. Students can create interactive lessons, activities, tutorials and explanations in a simple, flexible way. It's like having a digital interactive whiteboard on the iPad.
Pic Collage		Free	Students can choose from hundreds of photo grid layouts and sizes, exclusive stickers, background patterns and textures, and draw on their collages with "Doodle". A collage of learning can be created on one page of their learning through photos, images and text.
Stop Motion Studio		Free	With its easy-to-use interface, Stop Motion Studio lets you create beautiful movies like Wallace and Gromit or those groovy Lego shorts on YouTube. It's simple to use, deceptively powerful, and fun to play with.
Minecraft Education		Free	Minecraft Education Edition is a popular educational version of the ever-popular sandbox game, Minecraft, which has been designed specifically for learning purposes. It offers a wide range of benefits for children's development, creativity and problem-solving skills while ensuring a safe and controlled environment.
Education Perfect		Free	Education Perfect supports learning anywhere, anytime bringing 21st Century schooling to the palm of your hand. Learn at your own pace with thousands of rich, fun and engaging tasks and activities across a wide variety of subjects. Get feedback, support and guidance as you progress through personalised content.
Canva		Free	Canva is an excellent design app. It lets you create an astonishingly large range of assets — including adverts, infographics, videos and even websites — easily, cheaply and quickly.
Clips		Free	Clips is a free app for making fun videos to share with friends and family. With a few taps you can create vertical and horizontal videos with immersive camera effects, artistic filters, dynamic music, animated text, emoji, stickers, and more.
Keynote		Free	Keynote is the most powerful presentation app ever designed for a mobile device.

Pages		Free	Pages is the most beautiful word processor you've ever seen on a mobile device. Start with an Apple-designed template to instantly create gorgeous reports, digital books, resumes, posters, and more. Or use a blank document and create your own design. Easily add images, movies, audio, tables, charts, and shapes. You can even draw and annotate using Apple Pencil on supported devices, or use your finger. Pages has been designed exclusively for iPad and iPhone.
Numbers		Free	Numbers is the most innovative spreadsheet app ever designed for a mobile device. Get started with one of over 30 Apple-designed templates for your home budget, checklist, invoice, mortgage calculator, and more. Choose from hundreds of powerful functions. Draw and write with Apple Pencil on supported devices, or use your finger.
