

# TĪRAMAROA

**Kia ora Whānau,**

✓ **TĪRAMAROA** ✓  
**Term 2 2024**

Welcome back to Term 2! We hope you all had a safe and happy break. It was great to catch up and connect with parents and students at our conferences last term. The home school partnership is really important to making sure that our students continue to improve inside and outside the classroom.

We have an action packed term planned. Our students will continue their amazing learning in literacy and numeracy with some amazing sprints in Science based around Medicine and its history. We also have natural disasters sprint based around New Zealand History as well.

A reminder that we will be sending learning posts home on HERO. I know our students really love to be able to talk to you about their learning (including what they are doing at the technology center). The purpose of these posts is to share a snapshot of the learning that is taking place in class over a variety of curriculum areas. Some classes will send home multiple posts home a term others will only send home one learning slide show. We would love to see you connect with this learning as this is posted.

A reminder that we have the Clearview School Cross Country on Thursday 17th May at 9am. We are looking forward to watching our students participate in physical activity be that on the competitive or non competitive track. Class rooms would have already started training for this so please make sure your child has suitable footwear with them.

We will be attending the Activation Spectacular this term which is run by the Selwyn Sports Trust. This is a new version of the Winter Sport that we used to attend. Every Friday from the 7th June finishing on Friday 28th June. All students will be leaving school at 11.45am to walk to either Foster Park or Selwyn Aquatic Centre. This will be a sports taster lesson of 20 minutes for each of the 16 sports involved. More information to come. A small fee of \$10 is charged for this amazing programme.

Kind regards,

Brayden Johnson - Team Leader
